

“Intro to the Wonderful World of 🎙️ Voice Over” Coach: Namakula

Hi, I'm Namakula! A *working NYC Actor, Voice Over Artist, Creative Producer and Casting Director*. I've collaborated with some of the top ad agencies, directors and creatives, in major markets throughout the US and Europe. My diverse background in pre-production, production and post gives me a unique perspective of the craft of **Voice Over** and a deep understanding and empathy to the journey, challenges and the diligence needed to achieve one's goals in this competitive arena.

Based on my 20+ years of experience in the industry, clients will get an overview of how to: find and/or enhance their unique voice, interpret copy, hone performance skills, navigate the ins and outs of the business, map out clear goals (ie: steady bookings, representation, etc.) and the steps to take to achieve them. Ultimately creating a fulfilling and successful VO 🎙️ career!

Notable VO Credits: REI's “Force of Nature” Campaign, **Winner: Cannes Glass Lion** (2018), **Smirnoff Ice Triple Black** Product Launch (2002-2003), **Clinique Happy Perfume** Campaign (1999). Here, you can listen to more of my [VO samples](#).

One on One: Private Coaching *Session time: 1 hour 15 minutes*

In this introductory coaching session, you'll get an overview of the *craft* and *business* of Voice Over. Since sessions are specifically curated and crafted based on the experience and goals of the client, a sliding scale applies. **Range \$175 - \$300**, per session. Discount applied to 3 session package purchases.

Note: *Before booking, I'm available for a short, 15 minute exploratory call with potential clients, to get acquainted and answer any questions they may have to ensure that this is the right fit for them.*

- **Q & A.** Days before our one-on-one session, you'll receive a short **questionnaire** to fill out and return before we work together.
- **Intentions and Objectives.** Are you looking to build a VO career, improve an existing one, build up confidence in public speaking? What do you aim to get out of this session?
- **Industry Overview.** I'll cover the different genres of the business, ie: commercials, promos, narration, audiobooks, etc., with the ultimate focus being on **your** area of interest. Supported by audio sample references of your preferred genre.

- **Your Unique Voice.** We'll go over some vocal and performance techniques, then dive into the VO script. *Copy will either be provided (the day before) or something that you bring that you'd like to work on.* We'll get into the nitty gritty of how to approach the scripts and work on interpretation, performance and delivery. You'll receive feedback and re-direction, like in a real, supervised audition.

- **Tricks of the Trade.** In this “WFA” (Work From Anywhere) culture, I'll cover some of the ins and outs of setting up and running a home studio, common software and programs—and best kept secrets that will help save you time and money. 🤔 **Hint:** Location, location, **LOCATION.**

- **In Summary: “AMA”.** Wrapping up (last 10 mins), you can **Ask Me Anything** about the business of VO that may still be lingering.

- **In closing.** I'll offer my assessment and suggestions for next steps.

- An **audio recording** of the session will also be provided.

Whether you decide to move forward with a VO **career**, keep it as **hobby** or put it into *practice* to hone your *public speaking skills*, just remember: **There's only one YOU— so shine your light and make your VOICE heard!** ✨
